

IMO Remote Support Instance

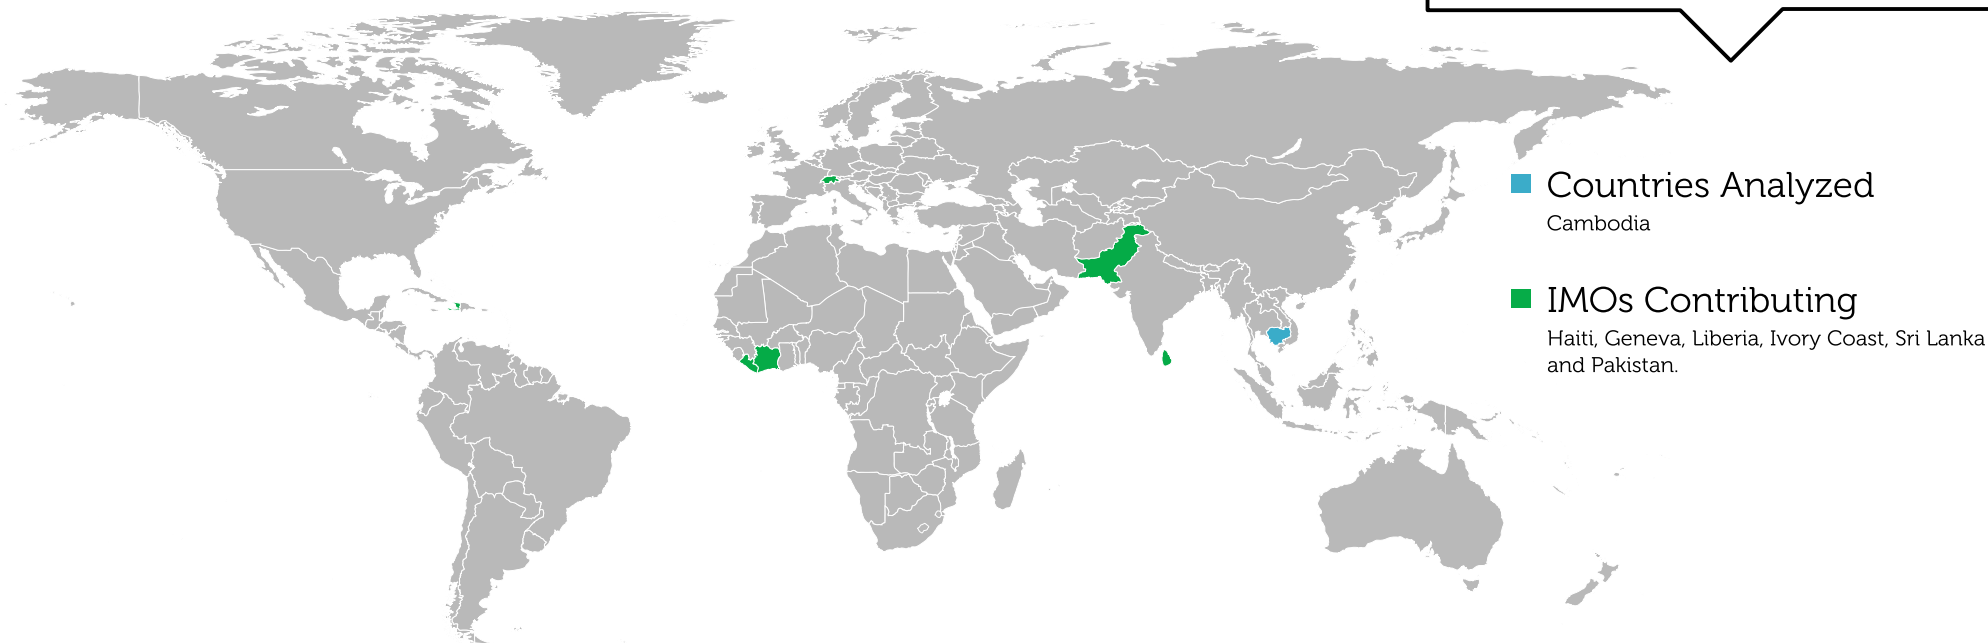

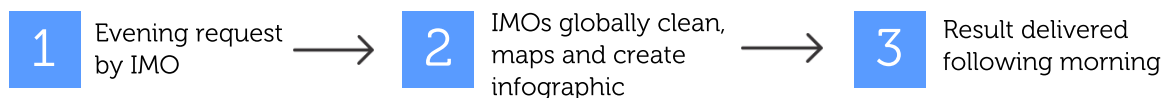

Country affected: **Cambodia** - by floods.

One IMO deployed from ROAP

Request: Create 3W infographic using 'un-cleaned' data according to an existing product developed in Haiti.

- ✓ Support requested on the Skype group immediately and asked for volunteers
- ✓ Support from Pakistan and Sri Lanka on GIS related work
- ✓ Support from Cote D'Ivoire to clean the data and creat pivot tables as required for graphic
- ✓ Support from Haiti to provide graphic in the template form
- ✓ Support from Liberia to create the final graphic
- ✓ Overall coordination and guidance from ISS in Geneva

Product delivered to IMO's inbox before he woke up the next morning.
