INFORMATION PRODUCT OVERVIEW REPORT (IPOR)

The Information Product Overview Report (IPOR) process began in 2012 with two goals, to standardize information products and to improve the quality of information products produced in field offices. It involves a twice-annual review by CRD, CSB, ISB and PSB of all core information products and websites produced by field offices. OCHA core products are: Humanitarian Bulletin, Humanitarian Snapshot, Humanitarian Dashboard, Humanitarian Situation Report, OCHA corporate website and humanitarianresponse.info.
