Welcome to the Humanitarian Information Center for Iraq!

The HIC (Humanitarian Information Center) for Iraq is an initiative of the UN Office for the Coordination of Humanitarian Affairs (OCHA). For more information about the HIC, click [here](#). The purpose is to act as a central location for data and information resources, with the aim of reinforcing co-ordination and humanitarian response activities.

This website is being updated every day. At present some sections may not have any content - please come back to the site regularly to check what's new.
